PIT PIRANHA CONCENTRATED DEGREASER

- Powerful, concentrated cleaner degreaser
- Specially formulated to attack baked-on grease
- Easy clean-up

CARE FOR WORK ENVIRONMENTS®

PIT PIRANHA

CONCENTRATED DEGREASER

Pit Piranha is a concentrated cleaner degreaser designed and formulated for commercial kitchen applications where baked-on grease and soil are a challenge. Specially formulated to attack tough greases and soils, Pit Piranha quickly saponifies dirt, making it readily rinsable with water.

Applications:

- Range hood and canopy
- Grease filter
- Deep fryer
- Stove/range
- Grill
- Exhaust fan

DIRECTIONS FOR USE:

Use Pit Piranha undiluted or diluted at up to a one part Pit Piranha to one part water (1:1) ratio on warm surfaces of 100-150°F (38-66°C).

Allow Pit Piranha to penetrate soil for 5 to 15 minutes. Rinse with wet sponge and/or flush with potable water to remove soil and residue.

Note: Use caution on and around painted surfaces. It is recommended to test in a small inconspicuous area first. Pit Piranha is not recommended for use on aluminium.

Please review the product label and SDS for all directions precautions, and first aid information.

TECHNICAL DATA

APPEARANCE: clear, amber liquid

pH (CONCENTRATED): >13.5

DENSITY: 10.4 lbs/gal

FLASH POINT: >200°F (TCC)

SHELF LIFE: two years
