

State custom wipes

Care For Work Environments®

stateindustrial.com

State offers an extensive variety of products that can be used with the State Custom Wipes. With products such as general purpose cleaners, degreasers, disinfectants and sanitizers you can build out an easy-to-use, full facility cleaning program.

any wipe any time

With State Custom Wipes you can have wipes on hand at any time. Simply add a fresh roll of wipes to our reusable bucket, add in the desired product and you're ready to start wiping at a fraction of the price of premoistened wipes.

quality guaranteed

State has taken measures to ensure excellent quality in both our wipes and buckets. Featuring our leak-free lid that will help reduce messes and spills, and our durable wipes that won't rip and break down to be able to withstand nearly any surface while staying moist with product for even applications.

savings

State Custom Wipes are here to help you save. Having wipes ready to go cuts down on the time it takes to spray and wipe surfaces to clean them. In addition to time savings, premoistened wipes can cost upwards of 30 cents more per wipe than a State Custom Wipe. It also eliminates the cost of paper towels, rags and laundry.

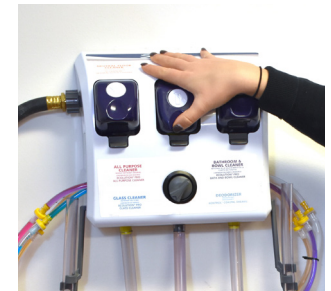

value and convenience

State Custom Wipes bring value all around. Whether it's the cost per wipe savings or concentrated solutions, State Custom Wipes are the solution you've been waiting for. If you already have a One Solution™ dilution system, you can simply create and go with wipes whenever you need them with State products.

One Solution dilution system

State's One Solution dilution system is our original, extensively engineered closed loop system for dispensing concentrated products at the right dilutions with no employee exposure to concentrated products. Dispense products in a quart bottle, and pour directly into your canister for our most cost-effective wipe.

product offerings

Work with your local State Account Manager to build a comprehensive cleaning and disinfecting program to best fit your facility's needs. You can use the State Custom Wipes with almost any product that State offers – ready-to-use or concentrated. Be sure to check with your Account Manager if you have any questions on products that are not compatible with the State Custom Wipes.

packaging

The State Custom Wipes are the perfect solution for any area in your facility. Whether you are looking for a solution for large areas of your facilities, or a smaller, more mobile option for your housekeeping carts, the State Custom Wipes are the customizable solution for your facility.
