PGR

Gasket, Paint & Decal Remover

FAST ACTING

PGR is specifically formulated to quickly soften, penetrate, and remove gaskets, paint, decals, shellac and varnish.

LABOR SAVING

Simply aim and spray. No need for costly applicators. Let PGR penetrate until paint begins to wrinkle; then scrape, wipe, or hose off. Old or heavily coated surfaces may require additional treatments.

ECONOMICAL

PGR's thickened formulation enables the material to cling to vertical surfaces - won't drip and helps to eliminate waste. It contains special evaporation retardants.

VERSATILE

PGR removes paint from metal, brick, tile, wood and concrete. It rapidly cuts through multiple coats of paint, sealer, varnish, tar, carbon, ink, epoxy, enamels, decals, adhesives, reflective paints and embedded grease.

WHERE TO USE

PGR removes old finishes to allow repainting, reclaiming of scrap metal or manufactured parts, buses, railway cars, aircraft. Recommended for use on heavy equipment, machinery, metal pipes, metal tanks and containers, barrels, signs, trucks, trailers, automobiles, or any metal surface with a finish.

TECHNICAL DATA:

APPEARANCE: Aerosol viscous spray

WEIGHT: 18 oz. per can

FLASH POINT: Extremely flammable

SHELF LIFE: Minimum one year

PACKAGING

121909-12 18 OZ Aerosol/CS12

121909-24 18 OZ Aerosol/CS24
