

INSECTICIDE *Solutions*

- Wristband insect repellent
- All natural formula featuring geraniol
- One band provides 120 hours of pest protection

CARE FOR WORK ENVIRONMENTS®

HOW DOES BUG BANDIT WORK?

The active ingredient Geraniol is infused into the plastic wristband and given off as a time-released vapor, so no liquid chemical touches the skin. The vapor repels insects several feet away, before they land.

This new type of repellent is derived from oils extracted from plants (i.e. Lemon Grass) that have a natural ability to protect themselves against feeding insects. Geraniol is able to provide hours of protection against a wide range of biting insects.

HAS THE EFFECTIVENESS OF GERANIOL BEEN PROVEN?

Geraniol was discovered and tested by the University of Florida (UF). Testing by UF confirmed that Geraniol is an excellent insect repellent and is superior to many products containing DEET.

ARE BUG BANDITS SAFE?

The wristbands do not contain DEET or any other pesticides. The active ingredient, Geraniol, is considered to be GRAS (Generally Regarded as Safe) by the EPA and FDA, and is included in exempt product listings (products comprised of active and inert ingredients taken from the EPA Exempt List are considered safe for public use and do not require EPA registration.).

HOW LONG WILL BUG BANDIT PROTECT AGAINST BITES?

The wristbands will repel insects for up to 120 hours in lightly-infested areas. Storing the wristbands in its plastic storage container can help extend the usage life.

HOW DOES BUG BANDIT COMPARE WITH OTHER REPELLENTS?

Sprays, liquids and lotions only protect the areas of the skin they cover and do not last very long. If you miss a spot, it is not protected. Plus, most are greasy and have an unpleasant odor. Bug Bandits leave no residue and smell fresh!

DIRECTIONS:

1. Remove Bug Bandit from its sealed, reusable container. Save container for storage.
2. Place Bug Bandit around wrist or ankle. For even more effectiveness, use multiple Bug Bandits on wrists and ankles.
3. Return Bug Bandit to its container when not in use.
4. When used and stored properly, Bug Bandit will last up to 120 hours.
5. Please dispose of properly.

INGREDIENTS:

ACTIVE INGREDIENTS: Geraniol (CAS # 106-24-1) 20%
COLOR: green
