BATH & BOWL CLEANER

Green Certified Bathroom Cleaner

CLEANS THE EASY WAY

Ecolution® Pro Bath & Bowl Cleaner puts an end to tiresome, restroom scrubbing. Simply dilute Ecolution Pro Bath & Bowl Cleaner and apply it with a foam trigger sprayer or the One Solution™ Smart Foamer. It's non-scrub action foams away even the most stubborn soap scum, hard water deposits, dirt, film and residue. It eliminates time-consuming hand scrubbing, saving labor costs.

TWO-WAY ECONOMY

First, Ecolution Pro Bath & Bowl Cleaner comes in concentrated strength. It's as strong as you want it to be, depending on the dilution ratio used. Second, the foam is composed of 90% air. Even a small volume of liquid creates a rich wave of foam that effectively removes soil.

NO SCRATCHING ABRASIVES

Non-abrasive formula will not damage surfaces. It's safe on plastic, fiberglass, chrome and normal grouting. Ecolution Pro Bath & Bowl Cleaner is a heavy-duty product and is not recommended for polished aluminum, colored grouting or marble.

PERFORMANCE

Ecolution Pro Bath & Bowl Cleaner was compared to other popular bathroom cleaners. Testing was conducted using ASTM D5343, Gardner Scrub Test. Ecolution Pro Bath & Bowl Cleaner performed significantly better than its non-green counterparts.

VERSATILE

Let Ecolution Pro Bath & Bowl Cleaner do the work on and around shower rooms, tubs, toilets/urinals, shower stalls, sinks, restrooms, swimming pools, steam baths, water fountains, locker rooms and wash stations.

DILUTION RATIOS

FOR DAILY CLEANING: Dilute 4 ounces (1:32) to one gallon of cold tap water to clean sinks, showers, tubs, toilets, tile, and drinking fountains.

FOR CLEANING AND DEODORIZING TOILET BOWLS: Dilute 8 ounces (1:16) to one gallon of cold tap water.

FOR HEAVY DUTY CLEANING: Dilute 16 ounces (1:8) to one gallon of cold tap water.

DIRECTIONS FOR USE

1. Use a foam trigger sprayer or the One Solution™ Smart Foamer to apply Ecolution Bath & Bowl Cleaner onto surface
2. Let foam penetrate and loosen soil for 5–10 minutes before rinsing
3. On extremely soiled areas, brush in the foam. Once a surface has been returned to normal maintenance conditions, simply rinse and wipe off.
4. Always rinse thoroughly with clear cold water after applying

For food plant use surfaces: NSF certified as a C2 product. Must be thoroughly rinsed with potable water before re-use.

Do not use on polished aluminum, marble, or special colored grout. Always pre-test on small hidden area before using the product to be sure the surface will not be affected. Ecolution Pro Bathroom & Bowl Cleaner may etch some old sinks and tubs.

Please review label and SDS for all product directions, precautions and first aid information.

Improper use or dilution may result in increased residue and/or dull the surface, and may increase the risk of health effects. Use product in accordance with prescribed use dilutions. Dispose of unused product in accordance with Federal, state and local regulations. Empty containers can be recycled.

TECHNICAL DATA

APPEARANCE: Clear purple liquid

ODOR: Neutral, no fragrance added

WEIGHT PER GALLON: 8.8 lbs/gal

pH: 2 - 4 (diluted)

Shelf Life: Minimum one year

VOC CONTENT: < 1%

PHOSPHATE CONTENT: None

PACKAGING

124295	55 GL Drum
119335	20 GL Drum
115912	5 GL Pail
115909	1 GL Bottle/CS4
115911	3 L Bottle/CS4

This product meets the Green Seal™ standard GS-37 based on effective performance, concentrated volume, minimized/recycled packaging and protective limits on: VOCs and human and environmental toxicity. GreenSeal.org.
