

# DRAIN CARE *Solutions*

## SHUT YOUR TRAP™ DRY DRAIN TREATMENT

- Seals off drain and stops dry drain
- Keeps sewer gas odors trapped in drain
- Pleasant wintergreen fragrance

CARE FOR WORK ENVIRONMENTS®

# SHUT YOUR TRAP

## DRY DRAIN TREATMENT

### EFFECTIVE DRY DRAIN TREATMENT

Most drains are built with a trap that is designed to be filled with water in order to prevent sewer gases from venting upward. When the trap dries out, foul and unpleasant sewer odors travel back up the pipes into offices, cafeterias and buildings that we occupy. Dry drains also allow cockroaches and drain flies easy access to the facility.

Shut Your Trap is a highly effective, long-lasting dry drain treatment with a clean, fresh wintergreen aroma. Shut Your Trap is a concentrated blend of State's SE-500™ odor neutralizing technology and fragrance which traps sewer gas below sink level. As a vegetable oil-based dry drain treatment, it will not dilute in water, but rather, will float on the surface acting as a "blanket" to provide continual, long-lasting odor control.

Please review label and SDS for all product directions, precautions and first aid information.

### APPLICATIONS:

- Floor drains – Schools, bakeries, grocery stores, office buildings
- Sink drains – Schools, office buildings, apartments, hotels
- Shower/tub drains – apartments, recreation centers, hotels
- Condensate drains – office buildings, schools, hotels

### TECHNICAL DATA:

**APPEARANCE:** Green liquid

**SCENT:** Pleasant wintergreen

**SHELF LIFE:** 2 Years

**FLASH POINT:** >200°F

**WEIGHT PER GALLON:** 7.5lbs/gal
